

# Fraternity & Sorority Programs

**Standards of Excellence 2025**

## INTRODUCTION

For over one hundred years, UArizona has served as a supportive environment for fraternal life. The legacy began in 1915 when the first national Greek-letter organizations were founded at UArizona. With the development of these standards, comes an additional level of commitment from the Fraternity and Sorority Programs Staff and The University of Arizona. The standards will not only serve as a benchmark of accomplishments for the chapter but will also assist in the redevelopment of any organization that has not achieved the following standards.

### **Greek Life Task Force**

The Greek Life Task Force was called together in 2003 to develop a strategic plan for The University of Arizona Greek Community. The task force recommendations are intended to advance the development of Greek letter fraternities and sororities and their respective individual members. The task force developed specific recommendations for minimum standards for Greek-letter organizations at the university and those proposals were utilized to develop this document.

The objectives for the Greek Life Task Force were as follows:

1. Develop and execute assessment initiatives that accurately capture the current state of the Greek Community
2. Collect data from other Greek communities that includes programmatic ideas; minimum chapter standards for University recognition; and best-practices to address hazing, improve risk management guidelines, and increase junior/senior member retention rates, etc.
3. Generate mission and vision statements for the Greek Community
4. Review the current University of Arizona Relationship Statement with Greek Life and recommend changes as appropriate
5. Develop recommendations for changes regarding current policies, practices, and programs as well as a timeline for such initiatives

## **The University of Arizona & Fraternity/Sorority Relationship Statement**

### **1.7.2 Information on Social Greek-Letter Organizations**

New Social Greek-Letter Organizations must follow these steps in order to gain recognition at the University of Arizona:

- A fraternity or sorority desiring establishment as a recognized Social Greek-Letter Organization must first complete the University of Arizona Expansion and Colonization Procedures.
- The chapter must then follow the same procedures outlined in this handbook for existing organizations to gain recognition.

In order to maintain recognition, social Greek-letter organizations must comply with all applicable policies and requirements, including without limitation the following:

1. Social Greek-Letter Organizations are required to be full members of the appropriate Greek Governing Council.
2. The organization president agrees to accept full responsibility for the chapter and its members' adherence to: the constitution, bylaws, rules and judicial procedures of the respective Greek Governing Council and those of the National/International Organization; University policies (including but not limited to those set forth in this handbook and the Student Code of Conduct) and directives by authorized University officials; the University of Arizona Greek Relationship Statement, the Greek Strategic Plan, and the Greek Standards of Excellence; the University of Arizona Recognized Student Organization Residential Facility Policy; policies governing social events with and without alcohol; Philanthropy Advisory Board bylaws; Greek Standards Board Constitution; the University of Arizona Student Code of Conduct; the University Rules for the Maintenance of Public Order, and local, state and federal laws. Accordingly, the organization president must be familiar with such policies, laws, regulations, directives, and procedures and must educate their membership (active and new members). In addition, failure to comply with all applicable policies by organization members, organization leaders, or the organization itself may result in withdrawal of the organization's recognition and/or other sanctions.
3. Each organization must annually file with Fraternity and Sorority Programs and the Office of Risk Management Services a certificate of insurance verifying Commercial General Liability insurance coverage within coverage limits and exclusions required by the Office of Risk Management Services, including social host endorsement at the required amount, or request a written waiver. The organization must also add the Arizona Board of Regents and the ASUA to the policy as an additional insured.

4. Social Greek-Letter Organizations shall comply with the University's Nondiscrimination and Anti-Harassment policy and the Nondiscrimination policy in this Handbook, except as exempted under federal or other legislative protections.

6. By January 1, 2022, each organization must have a Chapter Advisor who is located in the Tucson area. If an organization is having difficulty identifying a Tucson-based advisor, the Chapter should notify FSP of this situation with as much advance notice as possible, and FSP will consider allowing the organization to have a Chapter Adviser who is located in Arizona on a temporary basis (and for no longer than one academic year) based on the relevant circumstances. A Chapter Advisor is defined as a volunteer who has been appointed by appropriate fraternity/sorority officials to serve as the primary advisor for the chapter. If this person is a University employee, then advising activities are not considered to be in connection to the employee's official job duties at the University. However, advisors remain obligated to follow University policies and procedures in relation to their advisory assistance, including required reporting of violations under the University's Hazing Policy, incidents or sex-based discrimination (including acts of sexual violence) to the Dean of Students, and certain crimes as required by the University's obligations under The Clery Act. Chapter Advisors are also expected to:

12. Each student organization shall keep its chapter house, property, and surrounding public right-of-way clean and free of debris.

Appropriate documentation can include: chapter bylaws and constitution, flyers, publicity materials from events, and letters of support from participating organizations, chapter minutes, and other documentation as approved by the Fraternity and Sorority Programs staff turned in online through D2L.

4. Membership Education & Development
5. Recruitment/Outreach
6. Health & Wellness

## **POINTS**

The points given for the standards reflect a comprehensive picture of a fraternity or sorority chapter. The Fraternity and Sorority Programs staff will utilize a predetermined points system that will be distributed to chapter presidents.

Any chapter that does not have a recognized chapter facility is exempt from those standards that specifically deal with the management of a fraternity or sorority house and will have a different cumulative total of points than housed organizations.

Points will NOT be awarded for any standards that were met due only to requirements from a sanction (i.e. Community service hours, educational presentations, etc.).

There will be opportunities for BONUS points

## RECOGNITION OF ACHIEVEMENT

The standards reflect a tremendous amount of work on the part of chapter members, leaders, chapter advisors, inter/national staff and volunteers. These partnerships have resulted in a more effective set of standards that will inevitably ensure success. Fraternity & Sorority Programs is committed to assisting chapters in any way possible to accomplish the standards outlined in this document.

Chapters that meet these standards will be recognized at the Order of Omega Awards Banquet and will be assisted in publicizing their success and accomplishments. The following point breakdown signifies the corresponding award that will be rewarded:

- 80% of total points: Chapter of Achievement
- 70% of total points: Chapter of Promise
- 60% of total points: Probationary Chapter

- Less than 5 members or new/returning organization: Emerging Chapter

### *Functional Area Achievement* (i.e. Scholarship, Chapter Management, etc.)

As students who are a part of a global community, it is important that both members and chapters recognize the importance of diversity. Focusing on those personal attributes and identities, including but not limited to, race/ethnicity, sex/gender, socioeconomic status, disability, nationality, religion/spirituality, and sexual orientation, which make us distinct from one another, as well as go toward making up who we are as individuals. To assist members and their chapters in providing opportunities to learn from others' experiences, the following standards were developed.

### Global Citizenship & Human Dignity:

1. Chapters must have a non-discrimination policy as a part of their Constitution, Bylaws, and/or Guiding Principles.
2. Chapters provide financial support opportunities for those members who are unable to pay for their dues and/or programs related to their personal, academic, and/or leadership development if they are unable to cover these costs personally. This could be in the form of a reasonable payment plan that allows members flexibility in how they pay for their membership, a scholarship fund, or a financial amnesty plan.
3. Every chapter sponsor, co-sponsors, and/or attends at least one program related to the issues of diversity and inclusion with the goal of increasing education of a population with which they are less familiar. Program attendance must be at least 65%. Examples of these issues include, but are not limited to:
 

a. Sexual orientation	d. Socioeconomic status
b. Race/ethnicity	e. Sex/gender
c. Disability	f. Religion/spirituality
4. Chapter participated in a IFC/PHC/USFC sponsored DEI event.
5. Chapter has a DEI chair and job description.
6. (BONUS) Chapters are involved in an ongoing project to bring about positive social change in relation to issues of diversity and inclusion (i.e., working with the Tucson Community Food Bank throughout the year to confront hunger and work to improve conditions for those of low socioeconomic status, working at a women's shelter to improve the lives of survivors of domestic and sexual violence, working with Humane Borders, an organization committed to humanitarian issues).
7. (BONUS) Chapters have members who attend and participate in training, workshops, and/or retreats related to minority student identities (i.e., Equiss, Collegetown, NCLC, Cultural/Affinity group heritage month programming) or have members who have been certified through workshops related to minority student identities (race/ethnicity, sex/gender, socioeconomic status, disability, religion/spirituality, and sexual orientation) (i.e., SafeZone certification).
8. (BONUS) Chapters have members who are involved in coursework, internships or clubs that directly relates to cultural/ethnic studies and/or relates to other underrepresented affinity groups (i.e., Gender and Women's Studies).

9. (BONUS) Chapter has promoted and attended a Cultural Center event.
