Hazing Compliance Form

All fraternities and sororities must file this form with FSP within the first 3 weeks of each semester to certify compliance with this policy. The preceding document remains in effect until a new one is filed.

No individual Wildcat should be demeaned, ridiculed, belittled or placed in a potentially harmful situation in order to be included in a group at the University of Arizona.

University of Arizona Hazing Policy - https://policy.arizona.edu/education-and-student-affairs/university-arizona-hazing-policy

The University seeks to promote a safe environment where students may participate in activities and organizations without compromising their health, safety or welfare. It is, therefore, the university's policy that hazing is prohibited. The impact of hazing activities can result in irrevocable harm to its victims, their families and the university community. Prevention of hazing is the responsibility of every member of the University community. Each organization, as well as each individual, must accept the personal obligation to uphold the basic community values of being just, civil and respectful of the rights of others.

1. Hazing is prohibited. "Hazing" means any intentional, knowing or reckless act committed by a student, whether individually or in concert with other persons, against another student, and in which both of the following apply:
    a. The act was committed in connection with an initiation into, an affiliation with or the maintenance of membership in any organization that is affiliated with the University; and
    b. The act contributes to a substantial risk of potential physical injury, mental harm or degradation, or causes physical injury, mental harm or personal degradation.
2. Any solicitation to engage in hazing is prohibited.
3. Aiding and abetting another person who is engaged in hazing is prohibited.
4. It is not a defense to a violation of this policy that the hazing victim consented to or acquiesced in the hazing activity.
5. All students, faculty, and staff must take reasonable measures within the scope of their individual authority to prevent violations of this policy.
6. Violations of this policy or interference in an investigation under this policy by students or student organizations are subject to sanctions under The Student Code of Conduct.
