Dear [REDACTED],

The Greek Standards Board has received a complaint against Sigma Alpha Mu for allegedly violating **the Student Code of Conduct**.

**Policy Allegedly Violated**

*Student Code of Conduct: Section F. Prohibited Conduct, 11, 21, 23.*

- 11. Interfering with or disrupting university or university-sponsored activities....
- 21. Engaging in discriminatory activities, including harassment and retaliation, as prohibited by applicable law or university policy
- 23. Sexual misconduct

**Nature of Complaint:**

Excerpt from [REDACTED] email to me:

"Around 3:30, I was outside and experienced some deeply offensive and unsettling things from the two fraternities across the corner from [REDACTED] (Theta and one with letters that kind of look like SAM). About 10-12 young men from each frat standing on their respective roof/patio were playing offensive, derogatory phrases repeatedly over their loudspeakers. It sounded like they were using Siri or some similar voice to text program.

In just about 3 or 4 minutes of me being out front, I heard homophobic, racist, and misogynistic language. I am including what I heard and wrote down below, but I did miss some phrases that were unclear. Apologies in advance for the offensive language.

- "SAM's pledges love to get peed on and take [REDACTED] up the [REDACTED]" (played approximately 4-5 times in a row)
- "The only way Theta pledges get [REDACTED] is by [REDACTED] chopped girls at [name of location that I do not know]"
  - I think they said "chopped," but it could have been a slightly different phrase. Their speakers are loud, but not high quality.
- "You are [REDACTED]. [REDACTED] t" (played approximately 5-6 times in a row)

When they noticed me, they yelled "Yo, I think this [REDACTED] chick is a scout" and "Oh, [REDACTED] she's a scout" to which I responded, "I am not a scout, but I am [REDACTED]" This is the only direct interaction I had with them.

They turned around quickly, but I overheard them expressing concern that they were going to be in trouble later, which suggests to me that they know their behavior is unacceptable.

Again, I left quickly because I was unimpressed and uncomfortable. I didn't think to take pictures or try to record. But, it was clear that this had been going on before I overheard and that the students knew on some level this isn't ok."

FSP Staff followed-up with the witness and asked the following question with their answers noted in blue:

- Based on the information in the report, it is highly likely the two groups involved were Sigma Alpha Mu (ΣAM, 1605 E 1st St) and Theta Xi (ΘΞ, 1621 E 1st St). Are you able to confirm this?  
**That's correct.**
- Was this incident disrupting/interfering with class activities or the academic environment when it occurred?  
**This occurred in public—they were on their respective fraternity properties—so I do not know if classes were directly impacted. However, there were lots of people walking around the area at the time. I would say the environment was absolutely impacted, as I overheard people walking by express discomfort.**
- Did either group appear to be the instigator?  
**I can only confirm that they participated since the issue was already happening when I stepped outside of [REDACTED]**  
**Both parties were active participants, as they were going back and forth with insults as a kind of competition. Both parties were also laughing and appeared to be collaborating in their respective groups regarding what to say next.**
- Do you happen to remember which of the two groups it was that you directly interacted with?  
**The students on the ΣAM rooftop addressed me directly.**
